

PUBLIC SAFETY AND PUBLIC HEALTH

MUNICIPAL DRUG POLICIES IN THE MEMBER STATES

I have a pleasure to invite you to the event Polish Drug Policy Network is organising in cooperation with Michał Boni MEP and Maltese Presidency of the Council of the European Union on public safety and public health - municipal drug policies in the Member States, which will take place on the **20th of June 2017, 17:00 - 18:30 in the European Parliament in Brussels (Room JAN 6Q1).**

The illicit drug use presents an on-going challenge for public safety and public health in the urban context and demands a development of effective and evidence based policies. This expert panel will be an occasion to discuss steps to be taken after the announcement of the Warsaw Declaration in February 2016, defining minimum quality standards in drug demand reduction for urban drug policies. It will also be a chance to learn about the benefits brought by innovative local programs for public health and public safety, as well as an opportunity to establish partnerships between decision makers and civil society representatives.

With best wishes,

Agnieszka Sieniawska, Chairwoman of PDPN

Registration by 13th of June by sending an email to: michal.boni-office@ep.europa.eu

Please send your name, date of birth, nationality, and ID/passport number
